Estate Planning

Getting legal affairs in order to simplify administration of your estate when life ends, a plan for current or future care (if necessary), and peace of mind are important benefits of an individualized estate plan. Maintaining an estate plan is a dynamic process and puts you in charge of your finances. We emphasize important documents such as powers of attorney, wills, and trusts.

ALTCS Planning

You do not have to exhaust your life savings to qualify for ALTCS- governmental program that pays for the bulk of long-term care expenses in Arizona. The average nursing home private pay rate is $6,905 per month, which can quickly deplete most individual's savings. ALTCS has been referred to as the "nursing home insurance plan for the middle class". Most people do not automatically qualify for ALTCS because like all government programs there are strict requirements that must be met. There are ways to speed up your eligibility and immediately qualify for ALTCS, while retaining your assets for your loved one(s). In addition to skilled nursing care, ALTCS provides coverage for services including home health care, adult day care and assisted living.

Probate

We help families with the complicated and tedious administration of probate. We assist with the application and administration of Guardianships and Conservatorships.

Elder Law

Elder Law involves legal planning for death and possible incapacity, protective proceedings such as guardianships and conservatorships when planning is inadequate, and planning to pay for the cost of long-term care.

Seek an Elder Law attorney if you are in one or more of the following situations:

- You have a disabled spouse in need of long-term care
- You have a disabled family member
- You are in a second marriage
- You own real estate in another state
- You have a minor or problem children or no children
- You want to leave some of your estate to charity
- You have substantial assets in 401ks or IRAs
- You own a business
- You are divorced
- You lost a spouse or other family member
- You have moved to another state

House Calls

For the client, the house call is often a blessing. Most individuals and caregivers like the benefit of not having to arrange for transportation, or not having to leave the comfort of their own environment. The house call can also reduce the anxiety that may be associated with a legal visit. Anyone can utilize and enjoy the benefits of a house call. For your convenience, our notary accompanies our attorney to notarize prepared documents. No charge for travel to most locations.

Veteran Benefits

The U.S. Department of Veterans Affairs offers a number of benefits such as "Aid and Attendance" for older Veterans and spouses. Our Attorney is passionate about protecting the rights of our Veterans.
